

Arthur L. Banman  
Director of Business Development  
VDC Display Systems

Tel: 407-574-2465  
Email: abanman@vdcds.com

Mr. Art Banman received his B.S. degree in Computer Science in 1970 from Florida Institute of Technology and has been involved in the simulation & training systems marketplace for over 30 plus years. He began his simulation career as an engineer building simulators for UNTS, A-4's, B-52's, EA-6B WST, A-6 NCLT, CH-53's and F/A-18's. His responsibilities included technical and management of aircraft systems, IOS, computer systems and proposal generation for new business development.

Mr. Banman worked for Gould SEL (Encore Computer Systems) throughout the 1980s responsible for their Simulation Business, developing and managing COTS products specifically designed for compute intense simulation applications. In the 1991, he joined Concurrent Computer Corporation simulation business team, and in 1996 joined Intergraph's Visualization group to introduce the industry's first high-end PC IG.

In 2008, Mr. Banman joined VDC Display Systems as Director of U.S. Business Development. VDC Display Systems is focused on "display system solutions" and offer the latest technology in projection displays.

Mr. Banman attended his first IMAGE Conference in 1983 and has served in the flowing leadership positions within the simulation and training industry and professional organizations:

- National Defense Industrial Association- Life Member
  - Chairman of Training Systems Division 1990-1992
  - NTSA Charter Member
- Interservice/Industry Training Systems & Equipment Conference
  - 1990 Scholarship Chairman
  - 1989 Conference Chairman
  - 1987 Program Chairman
- International Training Equipment Conference
  - 1990 & 1991 Organizing Committee
- Association of Old Crows
- AFCEA
  - Army Aviation Association of America,
    - Central Florida Chapter V.P. Programs 1993-1995, 1997-1999
  - Association of United States Army,
    - Sunshine Chapter, V.P. Corporate Memberships, 1994-1995
